

2020 Declarations & Confessions

Personal

- Now I speak with the feeling in my heart of great pleasure and happiness, having experienced myself the satisfying and overwhelming taste of the love of God through the events of 2020.
- I have had a series of breakthroughs, of sudden, dramatic and significant advancements in 2020 as a result of my faith released during this fast.
- These events changed the landscape of my life totally reshaping the outward form and direction of my life.
- I will forever remember the year 2020 for the mind-blowing events that emerged in my life.
- I spoke words of faith about the major things I wanted done in 2020 and God exceeded all of my expectations.
- Now I boldly say, nothing is impossible to me.
- I have been led into networks of very influential people that embraced me as family creating a new season producing many offspring of blessings.
- Strangers walked into my life and opened unusual doors, creating opportunities that brought me into a place of great influence I didn't think I deserved.
- God had to remind me of the fresh commitment I made to serve him and my own response in obedience to the doors of service he opened to help others without expecting anything in return.

- It is through these opportunities to serve, he blessed my earthly existence and advanced the work of my hands and position in life in very significant ways.
- I am now blessed within by the fulfillment that comes through knowing and obeying God's purpose and also without as I see mountains moving at the command of my lips.
- 2020 has been a year of purpose, joy and unlimited breakthroughs.
- I brought several people to the knowledge of Christ and prayed for them to be filled with the Holy Ghost as they walked up to me in awe of what God was doing to find out what my secret is.
- The three major events that came into existence in 2020 are (insert your vision) God gave me His word concerning them and I decreed them into existence.
- I say in 2020 according to the word of the Lord, I say to the following..... (insert your vision and call them forth. Speak specifically to the "mountains" and declare that they move into your life as your personal experience. Be specific.)
- I can now boldly declare and say, the word of God on my lips does not return to me void, it accomplishes and prospers in the things I have sent them to do.
- The entire landscape of my life has changed such that people approached me to ask about my God.
- When apparent negative winds blew against me, I always declared, "there is a lifting up" and with my words I captured the energy in the winds and caused them to work for me.

- I meet every situation rejoicing and praising God without speaking ill. I say that all events that come my way, work together for my good.
- I say to 2020 you have been a year of new things and of no limits.
- The experiences of this year did one major thing in my mind, it gave me confidence for the future.
- Now I know all things are possible to those who truly believe and wait for God's words going forth out of their lips to return with the harvest.
- I started 2020 with great energy released at WAFBEC.
- The conference was a great impartation of grace into the souls of the several thousands who attended.
- Diverse signs and wonders occurred with visible healings and major breakthroughs.
- People came in and left the grounds of the meetings with joy unspeakable.
- All the gifts of the Spirit were in manifestations at the meetings as people received supernatural insider information about things going on presently and about their future.
- People received clear direction about the steps to take.
- They heard words of agreement, which confirmed and released power bringing the manifestation of answers to prayers.
- The experiences of this year did one major thing in my mind, now I know all things are possible to those who truly believe and wait for God's words going forth out of their lips to return with the harvest.

Family

- I declare over every member of my family we are united, whole, complete and prospering in every way. Angels hearing my words stand to watch over us day and night fulfilling every word over my family.
- Nothing is missing nothing is broken in us, the years the cankerworm stole has all been restored.
- There is a divine distinction placed upon us by God, we are all marked by Christ to be found only by men who will bless and lift us.
- It is only with our eyes we see harm executed, no form of wickedness comes near our dwelling place.
- By the river of God flowing through our praises, every month of the year 2020 has brought forth something new. God daily released his useful help in time of need to us and we experience in tangible ways his presence every day of 2020.
- I speak into the lives of my children and as the authority over them I pronounce them prosperous, whole, healed, intellectually sound, among the top 1% in their generation, without any form of reproach and considered lucky by others by reason of the favor they have with men who give them rare opportunities.
- No trace of the enemy's words or presence is seen on my family.
- The lines have fallen unto us in pleasant places in 2020 with doors now opened for the fulfillment of the highest aspirations of our hearts.
- 2020 left a sweet taste of God's faithfulness and power.
- It's been a year of joy unspeakable and full of glory, free of struggle but yet full of advancement in great strides.

- We surround every member with the presence of angels and declare, the blood of Jesus speaks for you you shall live and not die.
